# ifrone

LEADER IN INNOVATION

# Company
# PROFILE

# Welcome @ ifrone

Africa has been identified as where the world's greatest opportunities lie with **6 out of 10 fastest growing economies** being in it. As other sectors grow, ICT is growing very rapidly, and Africa, especially Tanzania, is not supposed to be left behind without harnessing the powers that come along with it and hence missing those opportunities.

Do you want to reliase the power ICT can bring to your business? Don't you want to be left behind with ICT's rapid growth? With so many years of **expertise in the field of ICT,** and by having a team of professionals that work together to make sure that quality of service is maintained , IFRONE can give you all and so much more of what a company/brand might need to grow and become a leader in business.....
.........**a leader in innovation**
